TRAVEL TIPS

TRAVELING BY BUS

- The transportation system is designed to efficiently transport you throughout Walt Disney World Resort. When traveling between Resort properties please allow up to 1 hour and 30 minutes to reach your destination. Some connections can be made more quickly than others. Please check with your Guest Services or Front Desk for further information.
- When traveling during high volume periods (such as after parade exits or Park closings), please be prepared for crowded conditions at the stops and the need to have guests stand on the buses.
- Please be aware that safety regulations require that strollers be folded and kept out of the aisles when a bus is in motion. Please remove children from strollers prior to boarding the bus.
- The normal interval between buses is approximately 20 minutes. During peak travel times this interval may be reduced in order to meet capacity needs. (Normal interval between buses to Old Key West may be as long as 25-30 minutes at certain times of the day.)
- Please board buses only through the front doors. The rear doors will close as soon as departing guests have exited the bus.
- If you are carrying food or drink, please make sure that the containers are sealed prior to boarding.
- Some seats on the buses are marked for guests with disabilities. It may be necessary to move guests from these seats to accommodate those guests with disabilities.

INFORMATION FOR GUESTS WITH DISABILITIES

Most buses are equipped with wheelchair lift mechanisms at the rear door. These buses can be identified by a blue emblem on the front bumper and rear door. Guests in wheelchairs should wait at the rear door for assistance. Note: If multiple buses service a single stop, please make the driver of the bus aware of your desire to board.

ROAD SIDE ASSISTANCE

AAA Emergency Road Service provides dependable road side assistance and towing service everyday of the year for guests at the Walt Disney World Resort. Towing within the Walt Disney World Resort boundaries is offered at no charge. For assistance, phone (407) 824-2222 and ask to be connected to AAA Emergency Road Service.
